About Metricell12

Version	Date	Revision Author	Summary of Changes
[1.0]	29/09/2026	TEST2 QA Automation	Generated from TEST2 evidence review

Tester:	Automated
Jira Ticket:	TEST2-41
Environment:	Chrome
Browser Details:	Chrome version not recorded
Date of Test:	29/09/2026
Limitations during Testing:	None recorded

Area of test	Pass	Fail	Defects (No.)
1. Starting on the launcher, select API Request Audit and verify that its dashboard or request explorer is displayed without an application error.	Y	N	0
2. Starting on the API Request Audit page, use the browser Back control and verify that the launcher is displayed with the Dashboards card visible.	Y	N	0
3. Starting on the launcher with the Dashboards card visible, select Dashboards and verify that the placeholder displays the "Under construction" message and a "Back to	Y	N	0

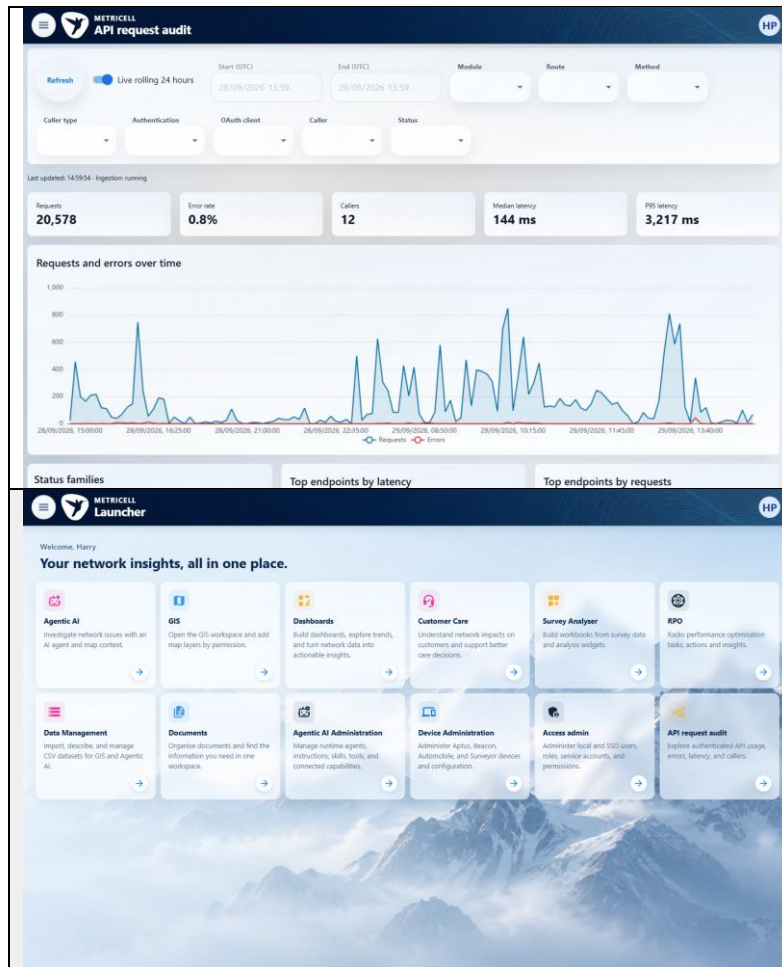

Launcher" control without an application error.			
---	--	--	--

All automated tests must map to an approved criterion and produce reproducible results plus decisive evidence. Use Failed, Blocked, or Unverified where applicable.

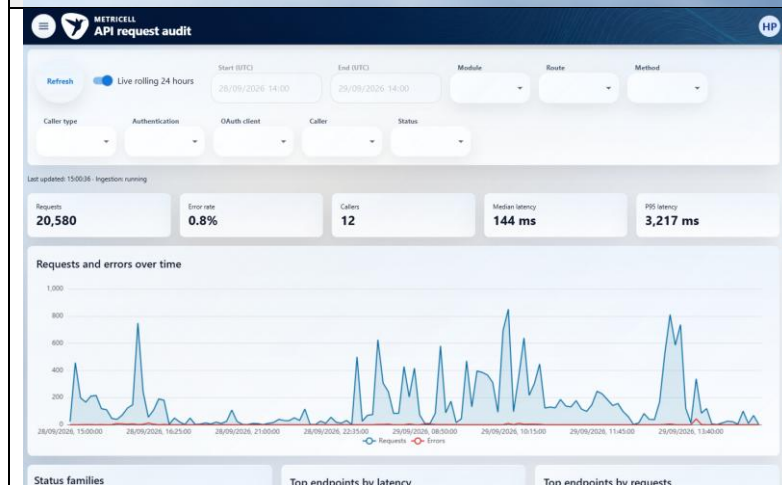

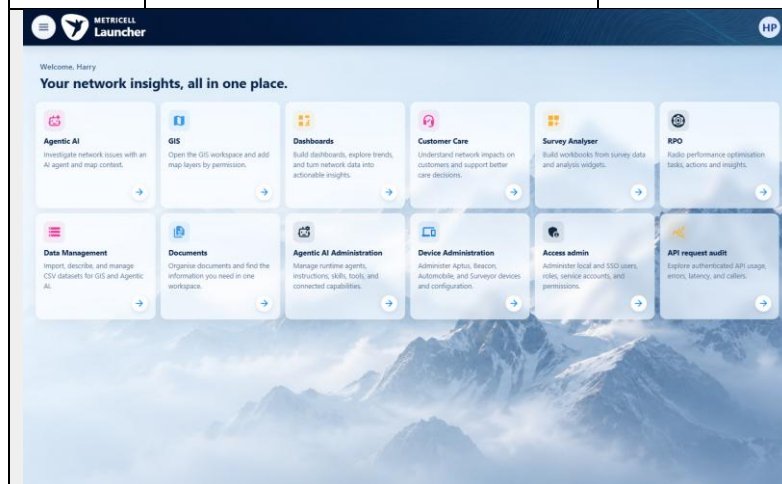

4.1 Tests

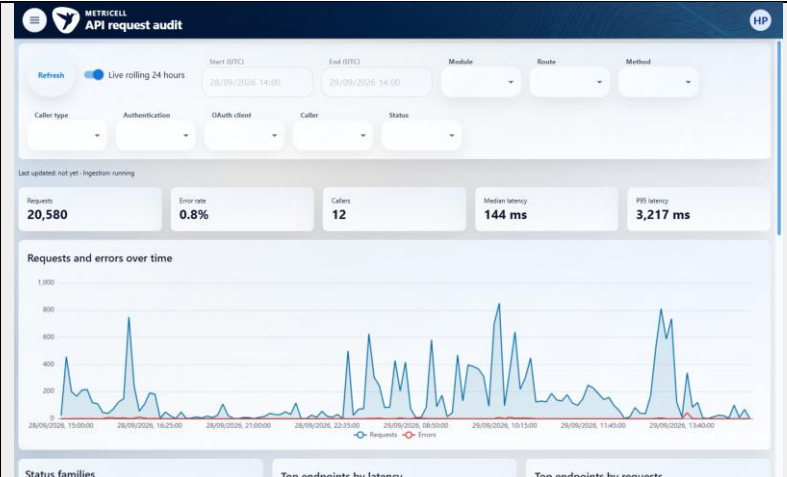

Preconditions:	Not recorded in agent output.	Associated Requirements:	Criteria from criteria.md.	Automation Notes:	Automated browser run; PNG evidence reviewed.
-----------------------	-------------------------------	---------------------------------	----------------------------	--------------------------	---

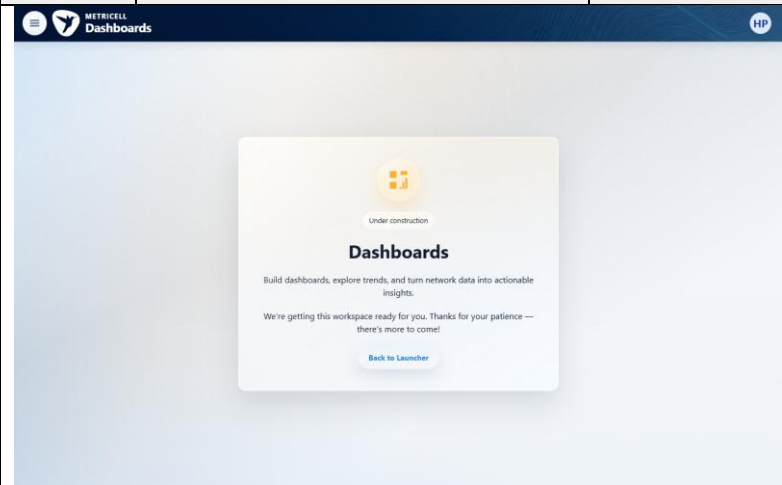

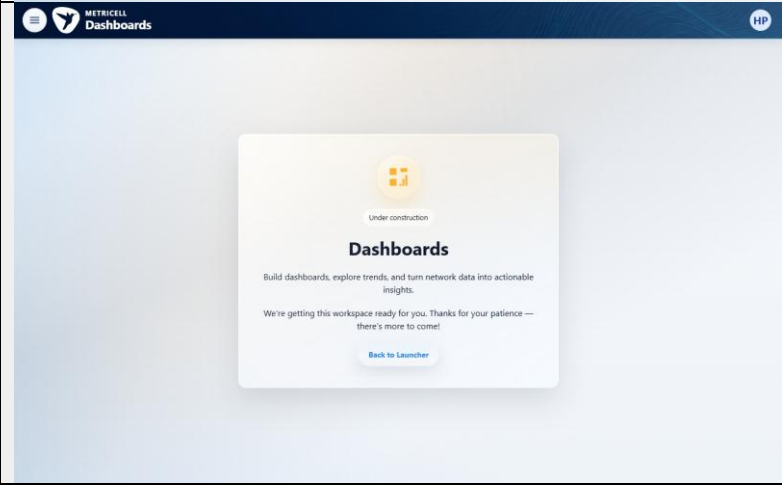

ID / Criterion	Criteria Tested	Expected Result	Actual Result / Evidence Path	Outcome
1.0.0	Starting on the launcher, select API Request Audit and verify that its dashboard or request explorer is displayed without an application error.	Starting on the launcher, select API Request Audit and verify that its dashboard or request explorer is displayed without an application error.	The selected attempt contains all four referenced non-empty PNGs. Screenshots show the launcher with the API Request Audit card and the opened API Request Audit dashboard/request explorer, with no application error. The result browserUrl is on the expected V4 host. Steps taken: Opened the launcher and verified the API Request Audit card was visible.; Selected API Request Audit.; Verified the dashboard, request explorer, request summary metrics, and data table displayed without an application error.	Passed

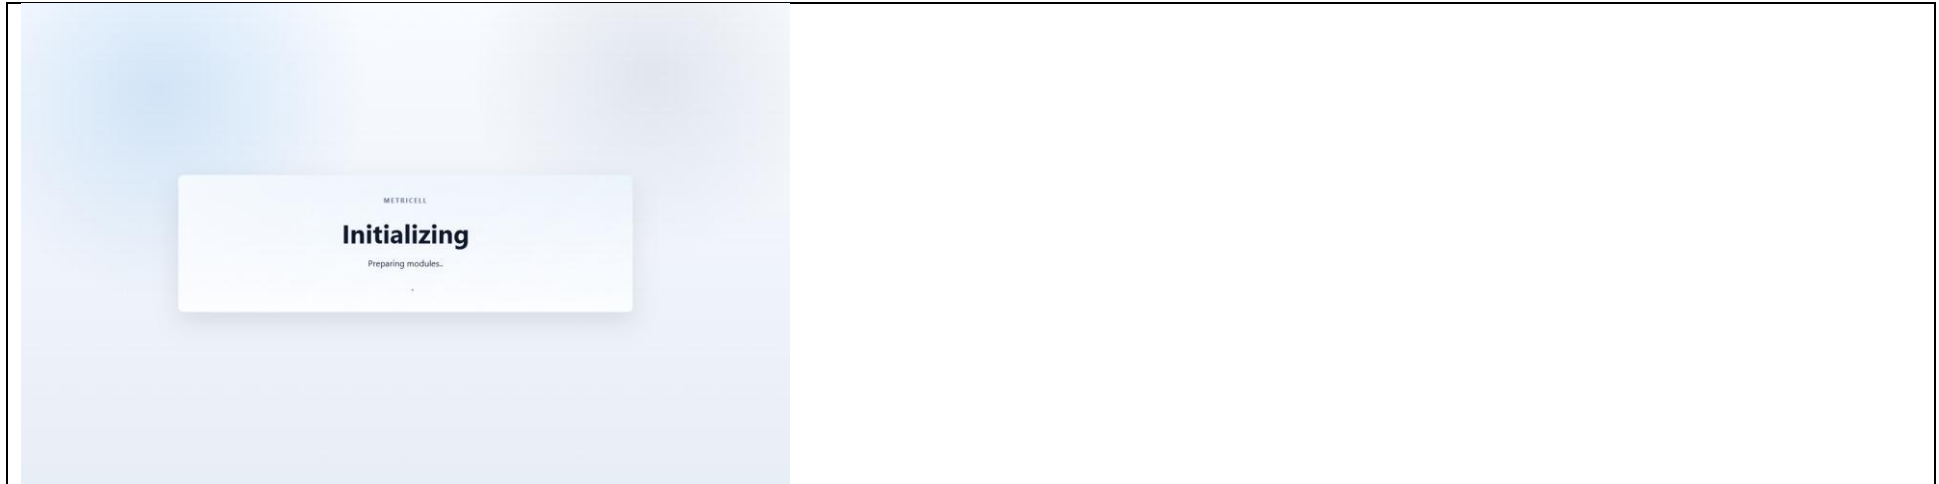

and verified its page loaded.; Used browser Back and verified the launcher returned with the Dashboards card visible.

				
				
3.0.0	Starting on the launcher with the Dashboards card visible, select Dashboards and verify that the placeholder displays the "Under construction" message and a "Back to Launcher" control without an application error.	Starting on the launcher with the Dashboards card visible, select Dashboards and verify that the placeholder displays the "Under construction" message and a "Back to Launcher" control without an application error.	The selected attempt contains all three referenced non-empty PNGs. Screenshots show the launcher with Dashboards visible and the Dashboards placeholder with "Under construction" and "Back to Launcher," without an application error. The result browserUrl is on the expected V4 host. Steps taken: Opened the launcher and verified the	Passed

			Dashboards card was visible.; Selected Dashboards.; Verified the placeholder displayed "Under construction" and the "Back to Launcher" control without an application error.	
				
				

About Metricell

Metricell is on a mission to deliver connectivity. We work with our customers to design, deliver and manage wireless communication networks – with a shared ambition of achieving flawless network experience. We've been responsible for many first-to-market products, and our technology is characterised by the relentless pursuit of automation and digitalisation.

Our geospatial intelligence tools traverse a wide variety of business processes – from Test & Measurement to Customer Experience Management – and we're pioneers in Crowdsourcing and Digital Self Care. Our technology is today in use by a range of customers; thousands of their personnel; and millions of subscribers worldwide.
