Version	Date	Revision Author	Summary of Changes
[1.0]	18/09/2026	TEST2 QA Automation	Generated from TEST2 evidence review

Tester:	Automated
Jira Ticket:	TEST2-22
Environment:	Chrome
Browser Details:	Chrome version not recorded
Date of Test:	18/09/2026
Limitations during Testing:	None recorded

Area of test	Pass	Fail	Defects (No.)
1. The launcher page loads successfully.	Y	N	0
2. The page URL is visible in the browser evidence.	Y	N	0
3. At least one V4 module card is visible.	Y	N	0

All automated tests must map to an approved criterion and produce reproducible results plus decisive evidence. Use Failed, Blocked, or Unverified where applicable.

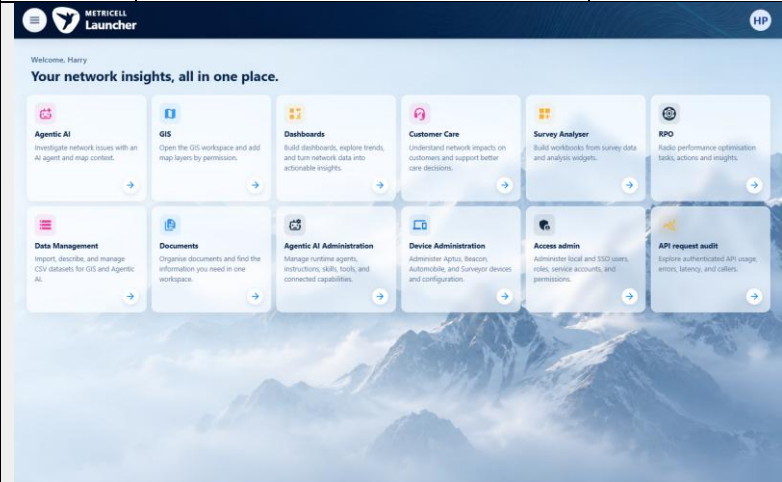

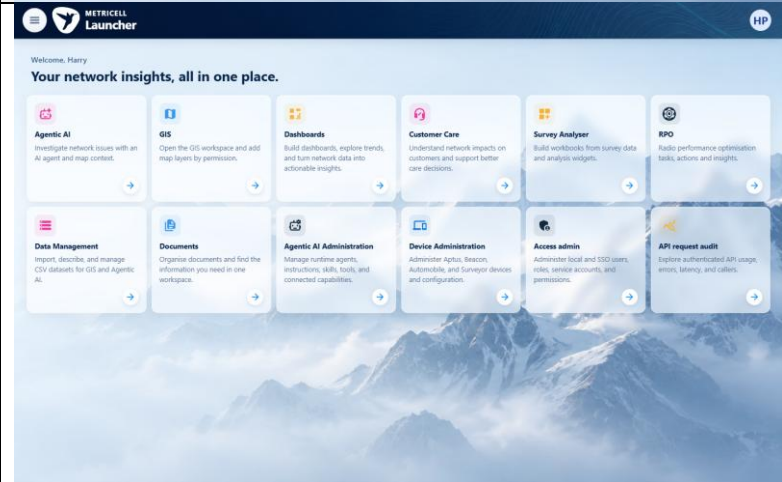

4.1 Tests

Preconditions:	Not recorded in agent output.	Associated Requirements:	Criteria from criteria.md.	Automation Notes:	Automated browser run; PNG evidence reviewed.
-----------------------	-------------------------------	---------------------------------	----------------------------	--------------------------	---

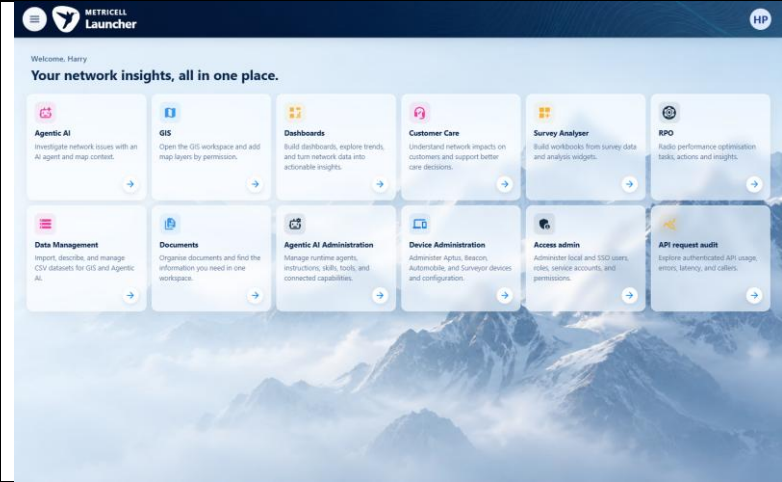

ID / Criterion	Criteria Tested	Expected Result	Actual Result / Evidence Path	Outcome
1.0.0	The launcher page loads successfully.	The launcher page loads successfully.	The criterion-specific PNG evidence directly shows the fully rendered Metricell Launcher interface with no error page or persistent loading state, and the recorded browserUrl matches the expected V4 host. Steps taken: Returned to the required V4 launcher URL in the Playwright browser.; Captured the criterion-specific initial state.; Opened the required launcher URL and waited for navigation to complete.; Confirmed the Metricell launcher interface was displayed with no error page or persistent loading state.; Captured the criterion-specific final state.	Passed

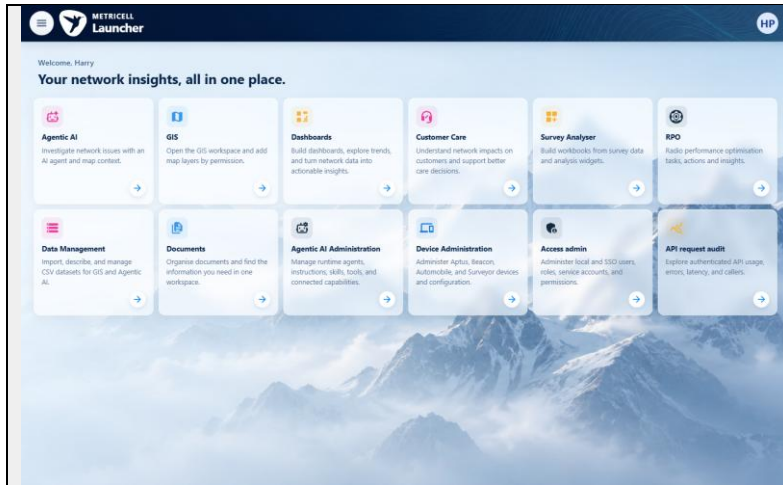

2.0.0	The page URL is visible in the browser evidence.	The page URL is visible in the browser evidence.	The criterion-specific PNG evidence directly shows the launcher page, and the corresponding browser-derived browserUrl is present as https://o2intelligence-v4-dev.metricell.com/launcher, matching the expected V4 host. Steps taken: Returned to the required V4 launcher URL in the same Playwright page.; Read and recorded the current	Passed

			browser URL before the initial screenshot.; Captured the criterion-specific initial state.; Confirmed the visible page was the Metricell launcher and the Playwright browser reported the launcher URL.; Captured the criterion-specific final state.	
				
				
3.0.0	At least one V4 module card is visible.	At least one V4 module card is visible.	The criterion-specific PNG evidence directly shows multiple launcher module cards, including Agentic AI, GIS,	Passed

			Dashboards, and Customer Care. Steps taken: Returned to the required V4 launcher URL in the same Playwright page.; Read and recorded the current browser URL before the initial screenshot.; Captured the criterion-specific initial state.; Inspected the loaded launcher and confirmed visible module cards including Agentic AI, GIS, Dashboards, and Customer Care.; Captured the criterion-specific final state.

About Metricell

Metricell is on a mission to deliver connectivity. We work with our customers to design, deliver and manage wireless communication networks – with a shared ambition of achieving flawless network experience. We've been responsible for many first-to-market products, and our technology is characterised by the relentless pursuit of automation and digitalisation.

Our geospatial intelligence tools traverse a wide variety of business processes – from Test & Measurement to Customer Experience Management – and we're pioneers in Crowdsourcing and Digital Self Care. Our technology is today in use by a range of customers; thousands of their personnel; and millions of subscribers worldwide.
