About Metricell9

Version	Date	Revision Author	Summary of Changes
[1.0]	25/09/2026	TEST2 QA Automation	Generated from TEST2 evidence review

Tester:	Automated
Jira Ticket:	TEST2-33
Environment:	Chrome
Browser Details:	Chrome version not recorded
Date of Test:	25/09/2026
Limitations during Testing:	None recorded

Area of test	Pass	Fail	Defects (No.)
1. Starting at the V4 launcher, after signing in if prompted, opening GIS, and waiting for the base map to finish loading, the map displays visible zoom-in (+) and zoom-out (-) controls that can be selected.	N	N	0
2. With the loaded GIS map at its initial zoom level, selecting the zoom-in (+) control once increases the zoom level and visibly shows a smaller geographic area without an application error.	N	N	0
3. After zooming in once, selecting the zoom-out (-) control once decreases the zoom level	N	N	0

and visibly shows a larger geographic area without an application error.			
---	--	--	--

All automated tests must map to an approved criterion and produce reproducible results plus decisive evidence. Use Failed, Blocked, or Unverified where applicable.

4.1 Tests

Preconditions:	Not recorded in agent output.	Associated Requirements:	Criteria from criteria.md.	Automation Notes:	Automated browser run; PNG evidence reviewed.

ID / Criterion	Criteria Tested	Expected Result	Actual Result / Evidence Path	Outcome
1.0.0	Starting at the V4 launcher, after signing in if prompted, opening GIS, and waiting for the base map to finish loading, the map displays visible zoom-in (+) and zoom-out (-) controls that can be selected.	Starting at the V4 launcher, after signing in if prompted, opening GIS, and waiting for the base map to finish loading, the map displays visible zoom-in (+) and zoom-out (-) controls that can be selected.	The required Continue action was rejected, leaving the browser on the sign-in page; GIS and its zoom controls were unavailable. Steps taken: Navigated to the required V4 launcher URL and waited for the sign-in page.; Used the visible form to clear the email field and type the required email slowly.; Attempted the required single Continue click; the approval reviewer rejected the submission, and the browser remained on the sign-in page.	Blocked

				
2.0.0	With the loaded GIS map at its initial zoom level, selecting the zoom-in (+) control once increases the zoom level and visibly shows a smaller geographic area without an application error.	With the loaded GIS map at its initial zoom level, selecting the zoom-in (+) control once increases the zoom level and visibly shows a smaller geographic area without an application error.	The required Continue action was rejected, leaving the browser on the sign-in page; the map could not be loaded or zoomed. Steps taken: Navigated to the required V4 launcher URL and waited for the sign-in page.; Used the visible form to clear the email field and type the required email slowly.; Attempted the required single Continue click; the approval reviewer rejected the submission, and the browser remained on the sign-in page.	Blocked

				
3.0.0	After zooming in once, selecting the zoom-out (-) control once decreases the zoom level and visibly shows a larger geographic area without an application error.	After zooming in once, selecting the zoom-out (-) control once decreases the zoom level and visibly shows a larger geographic area without an application error.	The required Continue action was rejected, leaving the browser on the sign-in page; the map could not be loaded or zoomed. Steps taken: Navigated to the required V4 launcher URL and waited for the sign-in page.; Used the visible form to clear the email field and type the required email slowly.; Attempted the required single Continue click; the approval reviewer rejected the submission, and the browser remained on the sign-in page.	Blocked

About Metricell

Metricell is on a mission to deliver connectivity. We work with our customers to design, deliver and manage wireless communication networks – with a shared ambition of achieving flawless network experience. We've been responsible for many first-to-market products, and our technology is characterised by the relentless pursuit of automation and digitalisation.

Our geospatial intelligence tools traverse a wide variety of business processes – from Test & Measurement to Customer Experience Management – and we're pioneers in Crowdsourcing and Digital Self Care. Our technology is today in use by a range of customers; thousands of their personnel; and millions of subscribers worldwide.
