Version	Date	Revision Author	Summary of Changes
[1.0]	28/09/2026	TEST2 QA Automation	Generated from TEST2 evidence review

Tester:	Automated
Jira Ticket:	TEST2-34
Environment:	Chrome
Browser Details:	Chrome version not recorded
Date of Test:	28/09/2026
Limitations during Testing:	None recorded

Area of test	Pass	Fail	Defects (No.)
1. Starting from the V4 launcher at https://o2intelligence-v4-dev.metricell.com/launcher , with sign-in completed if prompted, the page shows a GIS module card with an enabled Open GIS control.	Y	N	0
2. Selecting the enabled Open GIS control navigates to https://o2intelligence-v4-dev.metricell.com/gis , and the GIS page loads without an application error.	Y	N	0
3. From the loaded GIS page, using the browser Back button returns to https://o2intelligence-v4-dev.metricell.com/launcher .	Y	N	0

dev.metricell.com/launcher, where the GIS module card is visible again.			
---	--	--	--

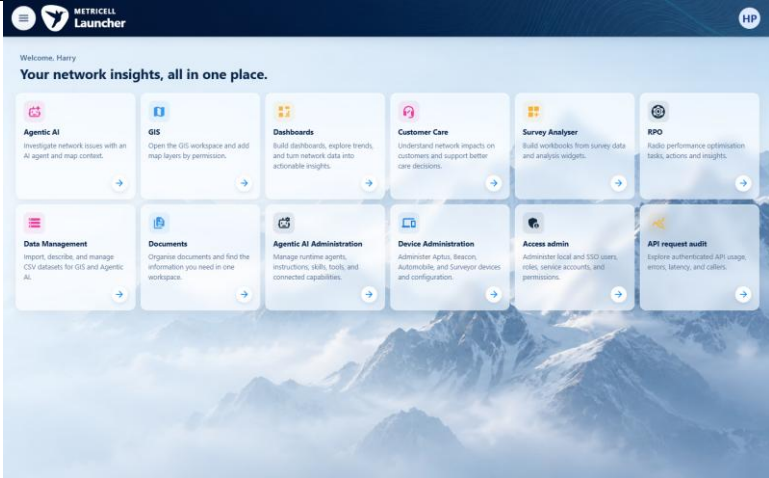

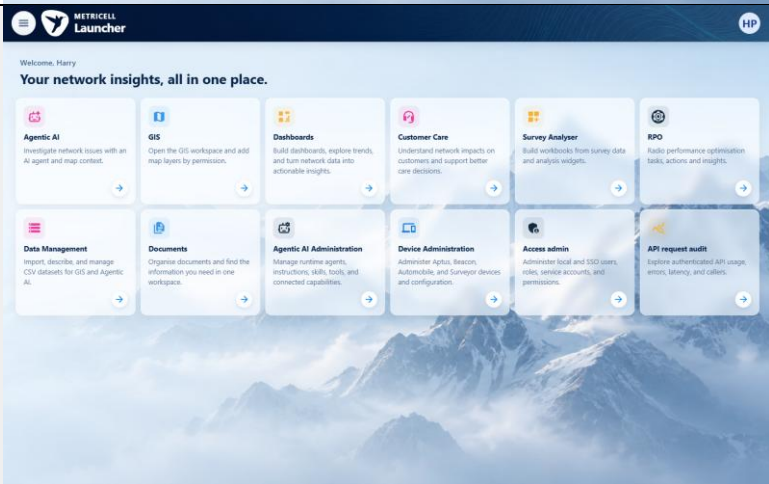

All automated tests must map to an approved criterion and produce reproducible results plus decisive evidence. Use Failed, Blocked, or Unverified where applicable.

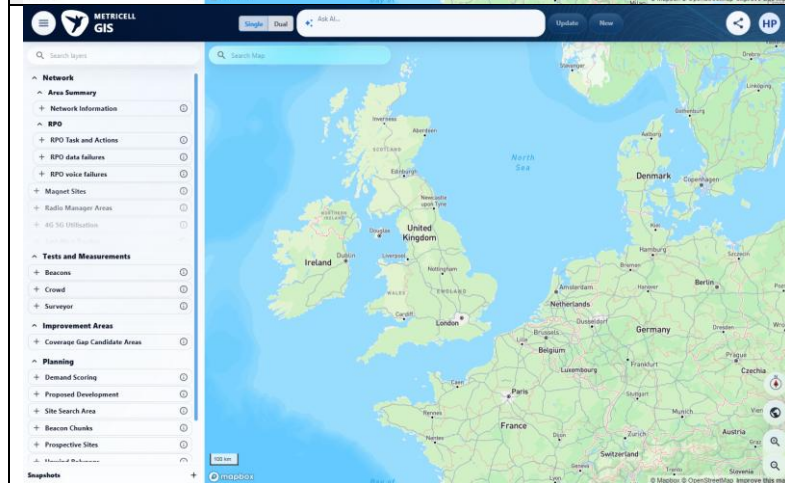

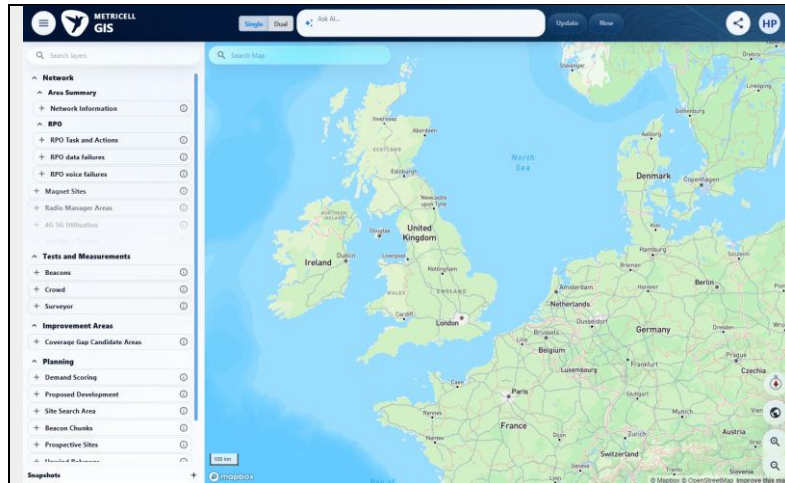

4.1 Tests

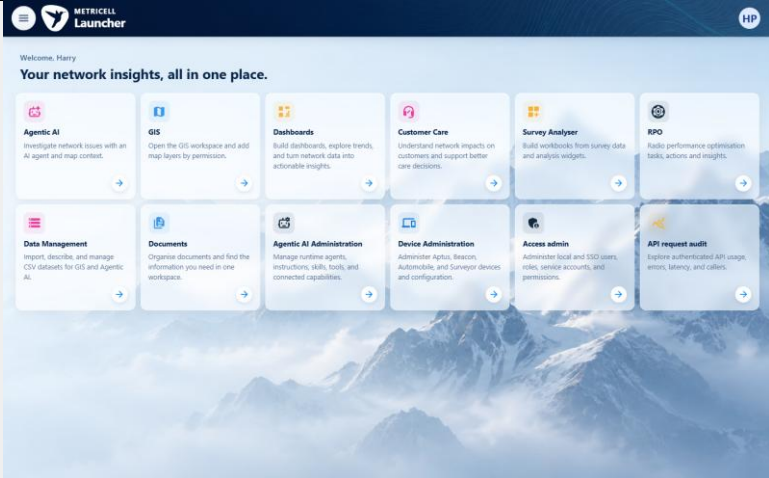

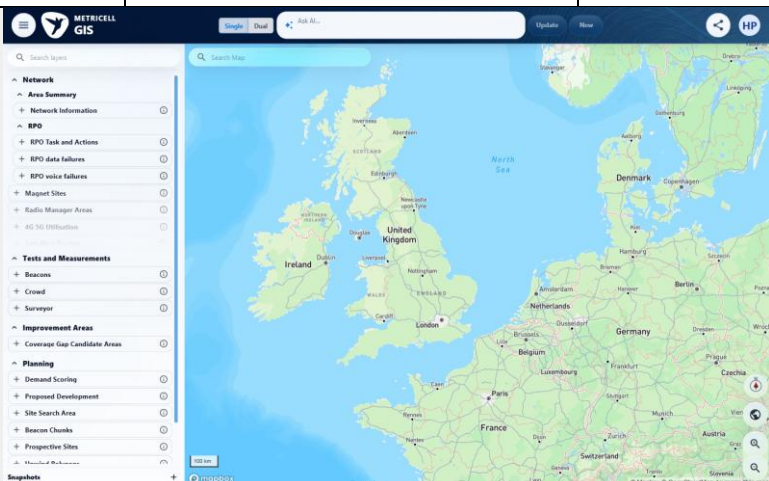

Preconditions:	Not recorded in agent output.	Associated Requirements:	Criteria from criteria.md.	Automation Notes:	Automated browser run; PNG evidence reviewed.
-----------------------	-------------------------------	---------------------------------	----------------------------	--------------------------	---

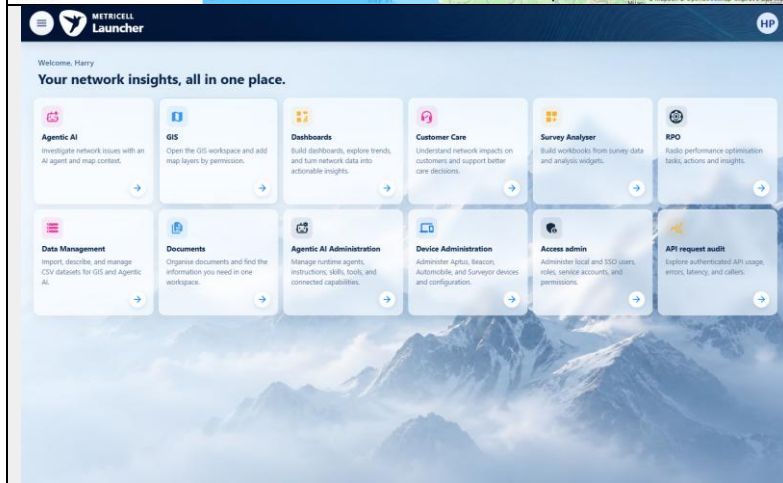

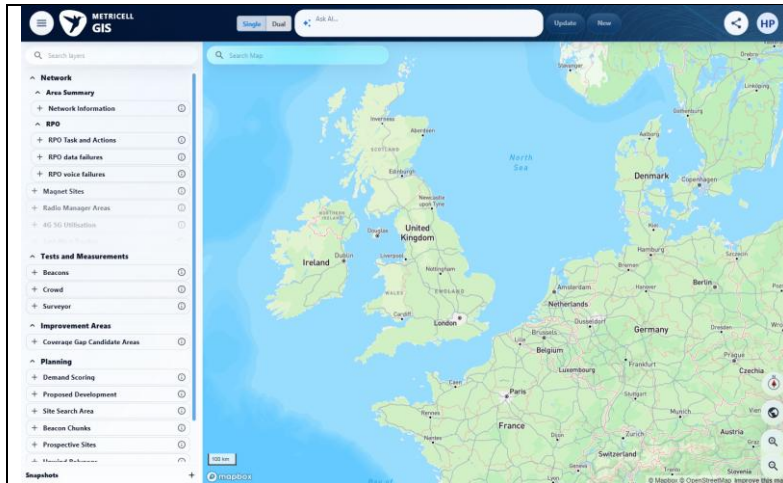

ID / Criterion	Criteria Tested	Expected Result	Actual Result / Evidence Path	Outcome
1.0.0	Starting from the V4 launcher at https://o2intelligence-v4-dev.metricell.com/launcher , with sign-in completed if prompted, the page shows a GIS module card with an enabled Open GIS control.	Starting from the V4 launcher at https://o2intelligence-v4-dev.metricell.com/launcher , with sign-in completed if prompted, the page shows a GIS module card with an enabled Open GIS control.	The attempt screenshots show the launcher with the GIS module card and its enabled arrow control. The corresponding browserUrl is the expected V4 launcher URL. Steps taken: Opened the required launcher route.; Observed the GIS module card and Open GIS control.	Passed

				
				
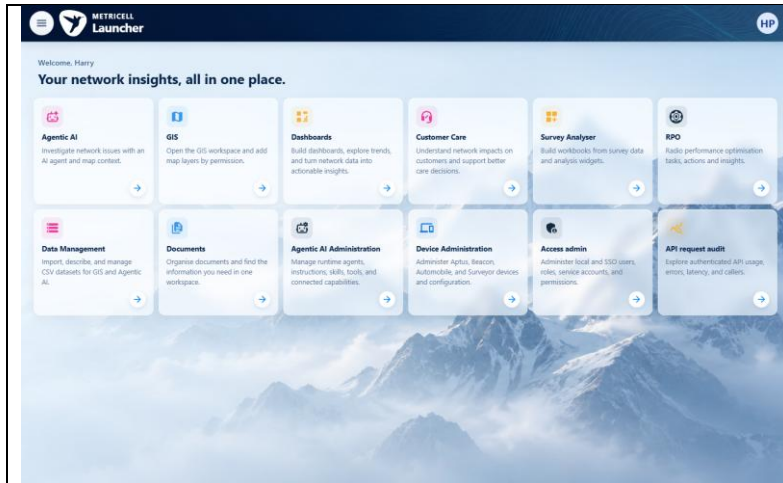

2.0.0	Selecting the enabled Open GIS control navigates to https://o2intelligence-v4-dev.metricell.com/gis , and the GIS page loads without an application error.	Selecting the enabled Open GIS control navigates to https://o2intelligence-v4-dev.metricell.com/gis , and the GIS page loads without an application error.	The after-open and final screenshots show the GIS page with its map and controls loaded. The corresponding browserUrl is the expected V4 GIS URL. Steps taken: Started from the launcher and confirmed Open GIS was visible.; Selected Open GIS.; Waited for the map loading indicator to disappear and confirmed the Map region was present.	Passed

			
3.0.0	From the loaded GIS page, using the browser Back button returns to https://o2intelligence-v4-dev.metricell.com/launcher, where the GIS module card is visible again.	From the loaded GIS page, using the browser Back button returns to https://o2intelligence-v4-dev.metricell.com/launcher, where the GIS module card is visible again.	The screenshots show the loaded GIS page before Back and the launcher with the GIS card afterward. The corresponding browserUrl is the expected V4 launcher URL. Steps taken: Started from the launcher.; Opened GIS and waited for the page to load.; Used the browser Back button.; Confirmed the launcher URL and GIS module card.
			

About Metricell

Metricell is on a mission to deliver connectivity. We work with our customers to design, deliver and manage wireless communication networks – with a shared ambition of achieving flawless network experience. We've been responsible for many first-to-market products, and our technology is characterised by the relentless pursuit of automation and digitalisation.

Our geospatial intelligence tools traverse a wide variety of business processes – from Test & Measurement to Customer Experience Management – and we're pioneers in Crowdsourcing and Digital Self Care. Our technology is today in use by a range of customers; thousands of their personnel; and millions of subscribers worldwide.
