ID / Criterion	Criteria Tested	Expected Result	Actual Result / Evidence Path	Outcome
1.0.0	Starting on the authenticated V4 launcher, the Dashboards card and its Open module control are visible.	Starting on the authenticated V4 launcher, the Dashboards card and its Open module control are visible.	The selected attempt screenshot shows the authenticated launcher, Dashboards card, and its open control. The result browserUrl is https://o2intelligence-v4-dev.metricell.com/launcher , on the expected V4 host. Steps taken: Navigated to the V4 launcher and confirmed the authenticated welcome view.; Confirmed the Dashboards card is present with the visible Open Dashboards control.	Passed

				
				
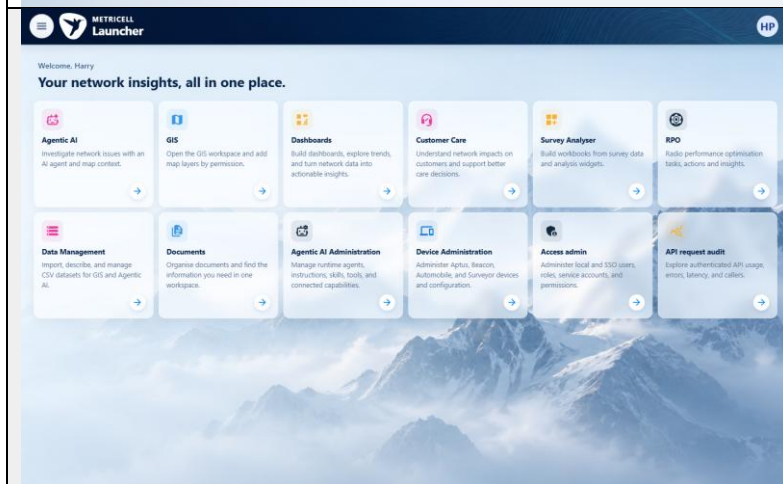

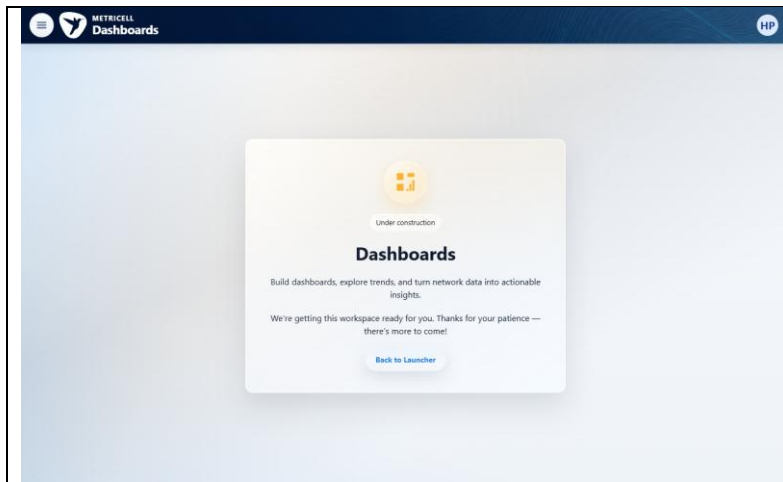

2.0.0	After selecting Open module on the Dashboards card, the Dashboards module or its current placeholder is displayed and no application error is shown.	After selecting Open module on the Dashboards card, the Dashboards module or its current placeholder is displayed and no application error is shown.	The selected attempt screenshot shows the Dashboards Under construction placeholder and explanatory content without an application error. The result browserUrl is https://o2intelligence-v4-dev.metricell.com/dashboards, on the expected V4 host. Steps taken: Started from the V4 launcher.; Selected Open Dashboards.; Confirmed the Dashboards page displayed its	Passed

			Under construction placeholder, heading, and explanatory copy with no application error.	
				
				

				
				
3.0.0	After using the browser Back control from the Dashboards module or placeholder, the V4 launcher is displayed and the Dashboards card is visible again.	After using the browser Back control from the Dashboards module or placeholder, the V4 launcher is displayed and the Dashboards card is visible again.	The selected attempt screenshot shows the launcher with the Dashboards card visible after the recorded browser Back action. The result browserUrl is https://o2intelligence-v4-dev.metricell.com/launcher, on the expected V4 host. Steps taken: Started this criterion from the V4 launcher.; Opened Dashboards to establish the module state.; Used	Passed

the browser Back control.; Confirmed the browser returned to the launcher and the Dashboards card was visible again.

About Metricell

Metricell is on a mission to deliver connectivity. We work with our customers to design, deliver and manage wireless communication networks – with a shared ambition of achieving flawless network experience. We've been responsible for many first-to-market products, and our technology is characterised by the relentless pursuit of automation and digitalisation.

Our geospatial intelligence tools traverse a wide variety of business processes – from Test & Measurement to Customer Experience Management – and we're pioneers in Crowdsourcing and Digital Self Care. Our technology is today in use by a range of customers; thousands of their personnel; and millions of subscribers worldwide.
