About Metricell16

1 Revision History

Version	Date	Revision Author	Summary of Changes
[1.0]	06/10/2026	TEST2 QA Automation	Generated from TEST2 evidence review

2 Test Cycle Information

Tester:	Automated
Jira Ticket:	TEST2-53
Environment:	o2intelligence-v4-dev.metricell.com
Browser Details:	Google Chrome 154.0.8037.98
Date of Test:	06/10/2026
Limitations during Testing:	No testing limitations recorded.
Overall review outcome:	Passed
Browser URL(s) recorded after criteria:	https://o2intelligence-v4-dev.metricell.com/gis

3 Test Summary

Area of test	Pass	Fail	Defects (No.)
1. With an authorised user signed in, GIS open,...	Y	N	0
2. Opening Display Settings for the loaded...	Y	N	0
3. After recording the initial Show linked sites...	Y	N	0
4. Changing Show linked sites a second time...	Y	N	0
5. After the state is changed and restored,...	Y	N	0

4 Test Cases

Each test maps to a criterion and decisive browser evidence. Inconclusive results are reported as Failed.

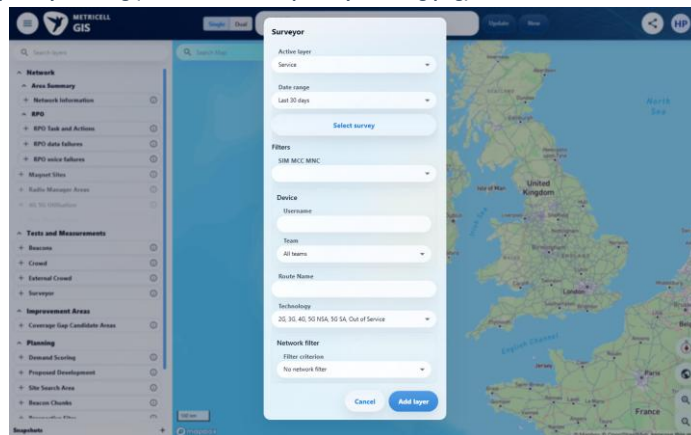

4.1 Tests

Preconditions:		V4 access and ticket conditions.	Associated Requirements:	Ticket criteria below.	Automation Notes:	Screenshots below each criterion; full log retained locally.
ID / Criterion	Criteria Tested	Expected Result	Actual Result / Evidence Path			Outcome
1.0.0	With an authorised user signed in, GIS open, and an available Surveyor layer loaded with its default configuration, the Surveyor layer is identifiable in the layer list or legend.	With an authorised user signed in, GIS open, and an available Surveyor layer loaded with its default configuration, the Surveyor layer is identifiable in the layer list or legend.	criterion-1-initial.png shows Welcome, Harry; the pre-add Surveyor dialog shows Service, Last 30 days and unchanged filter defaults. criterion-1-final.png identifies Surveyor - Service in both Map layers and the legend after that baseline. Evidence: E01, E02			Passed

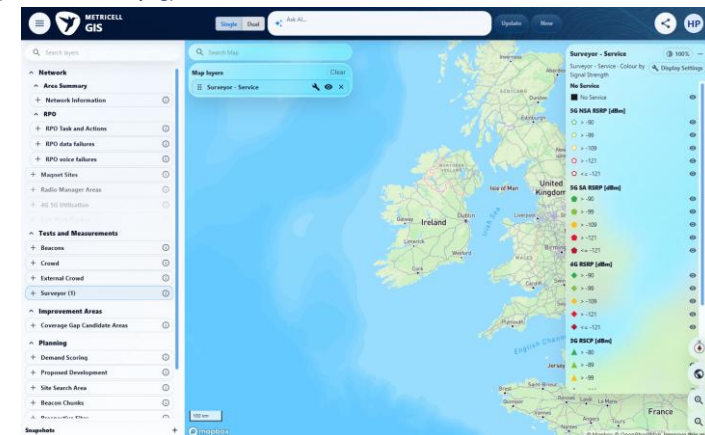

Criterion 1 evidence: With an authorised user signed in, GIS open, and an available Surveyor layer loaded with its default configuration, the Surveyor layer is identifiable in the layer list or legend.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E01 - After open layer dialog (criterion-1-after-open-layer-dialog.png)

E02 - Final (criterion-1-final.png)

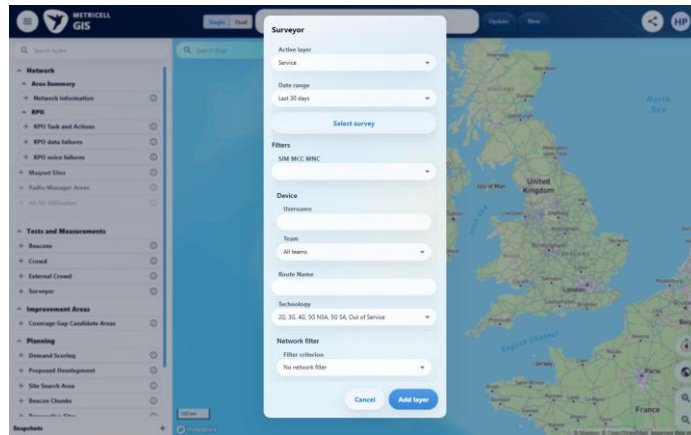

2.0.0	Opening Display Settings for the loaded Surveyor layer shows the Show linked sites control with a visibly identifiable checked or unchecked state.	Opening Display Settings for the loaded Surveyor layer shows the Show linked sites control with a visibly identifiable checked or unchecked state.	criterion-2-after-add-layer.png identifies Surveyor - Service; criterion-2-final.png shows its Display Settings with Show linked sites visibly checked. Evidence: E03, E04, E05	Passed
-------	--	--	--	--------

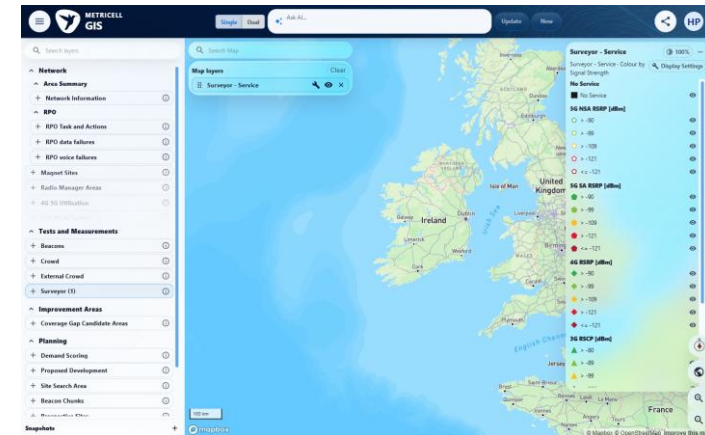

Criterion 2 evidence: Opening Display Settings for the loaded Surveyor layer shows the Show linked sites control with a visibly identifiable checked or unchecked state.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E03 - After open layer dialog (criterion-2-after-open-layer-dialog.png)

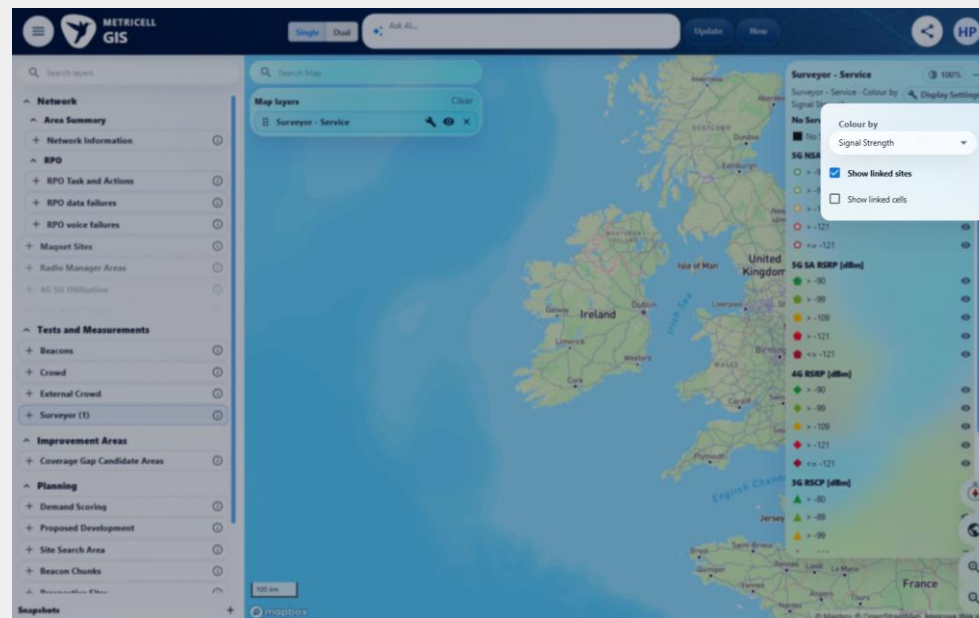

E04 - After add layer (criterion-2-after-add-layer.png)

Criterion 2 continued: Opening Display Settings for the loaded Surveyor layer shows the Show linked sites control with a visibly identifiable checked or unchecked state.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

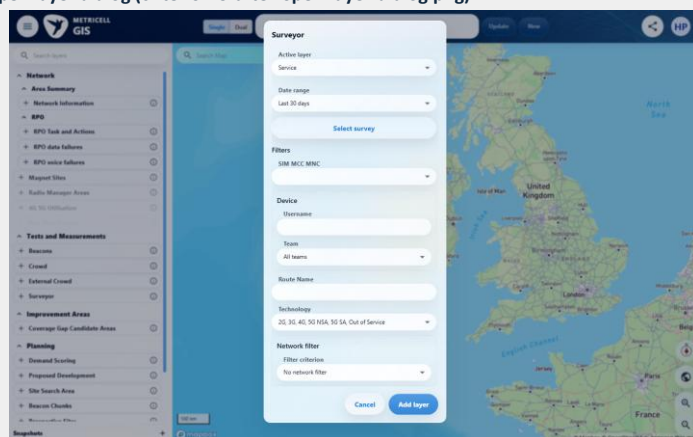

E05 - Final (criterion-2-final.png)

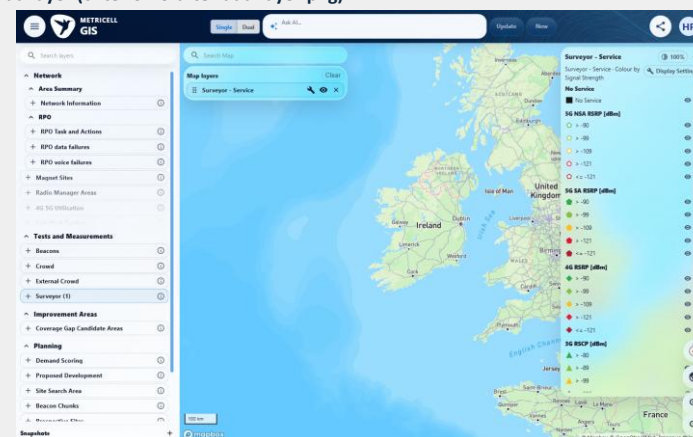

3.0.0	After recording the initial Show linked sites state, changing the control to the opposite state visibly changes its checked or unchecked state without adding the Surveyor layer again.	After recording the initial Show linked sites state, changing the control to the opposite state visibly changes its checked or unchecked state without adding the Surveyor layer again.	criterion-3-before-toggle.png shows Show linked sites checked and criterion-3-final.png shows it unchecked, with Surveyor - Service still listed throughout this criterion's single-add sequence. Evidence: E03, E04, E05, E06	Passed
-------	---	---	---	--------

Criterion 3 evidence: After recording the initial Show linked sites state, changing the control to the opposite state visibly changes its checked or unchecked state without adding the Surveyor layer again.
 Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E03 - After open layer dialog (criterion-3-after-open-layer-dialog.png)

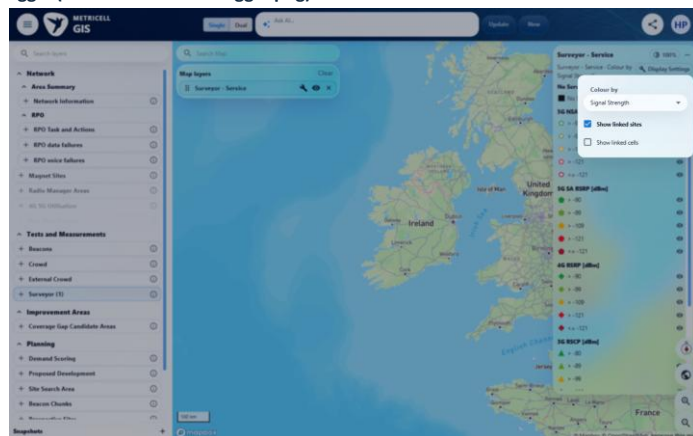

E04 - After add layer (criterion-3-after-add-layer.png)

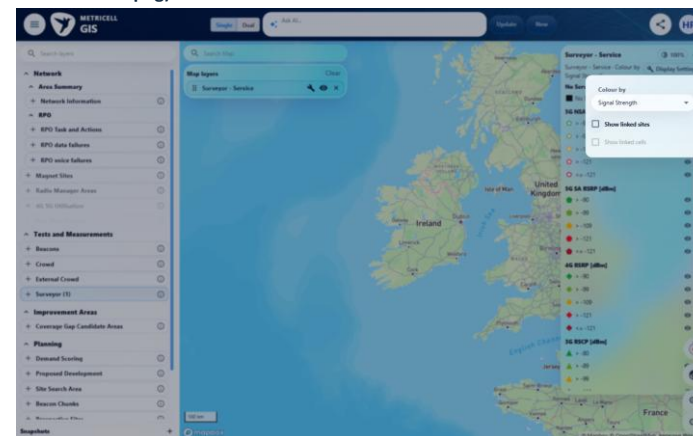

Criterion 3 continued: After recording the initial Show linked sites state, changing the control to the opposite state visibly changes its checked or unchecked state without adding the Surveyor layer again.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E05 - Before toggle (criterion-3-before-toggle.png)

E06 - Final (criterion-3-final.png)

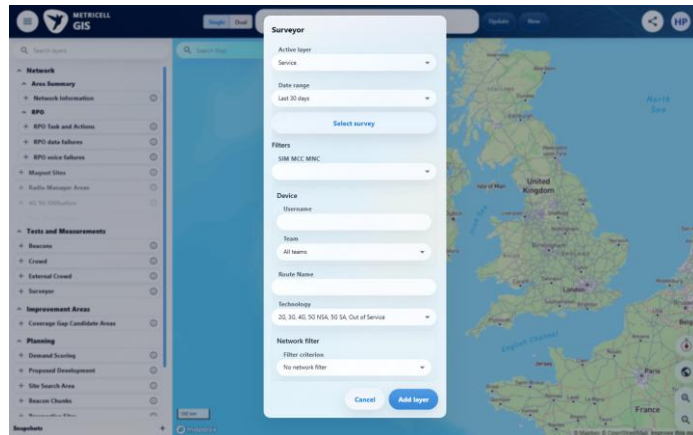

4.0.0	Changing Show linked sites a second time restores the recorded initial checked or unchecked state without adding the Surveyor layer again.	Changing Show linked sites a second time restores the recorded initial checked or unchecked state without adding the Surveyor layer again.	criterion-4-before-toggle.png, criterion-4-after-toggle.png and criterion-4-final.png show checked, unchecked and checked respectively; Surveyor - Service remains listed with no further Add layer step. Evidence: E03, E04, E05, E06, E07	Passed
-------	--	--	--	--------

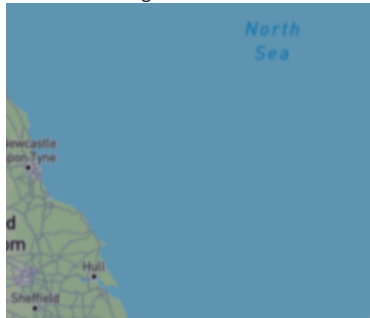

Criterion 4 evidence: Changing Show linked sites a second time restores the recorded initial checked or unchecked state without adding the Surveyor layer again.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

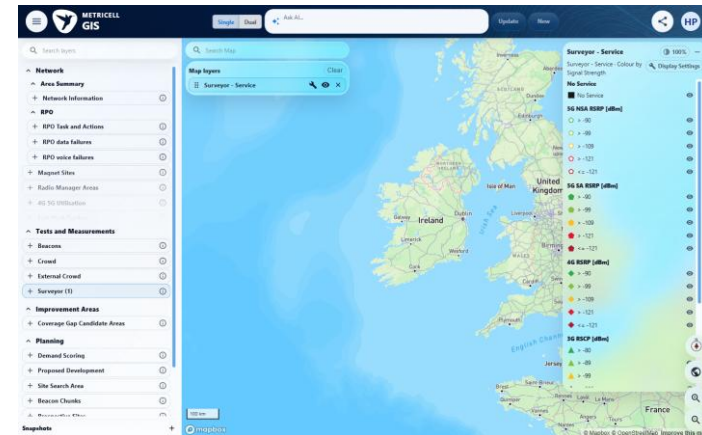

E03 - After open layer dialog (criterion-4-after-open-layer-dialog.png)

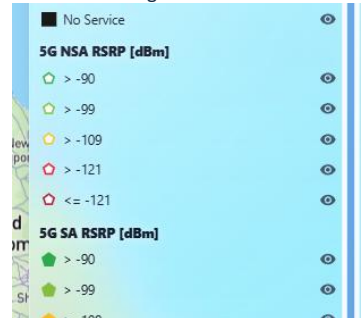

E03 detail enlargement - full screenshot above

E04 - After add layer (criterion-4-after-add-layer.png)

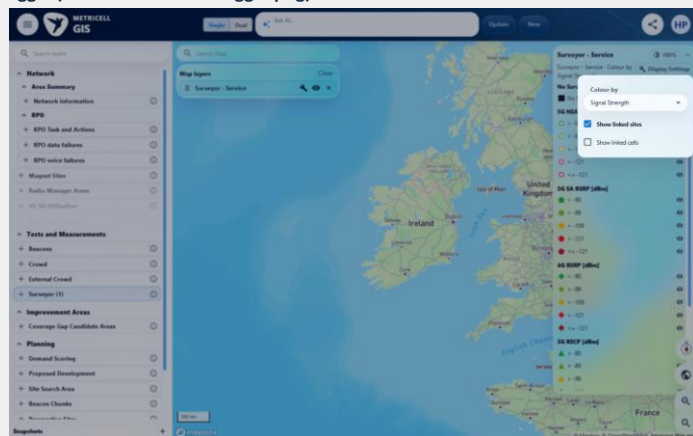

E04 detail enlargement - full screenshot above

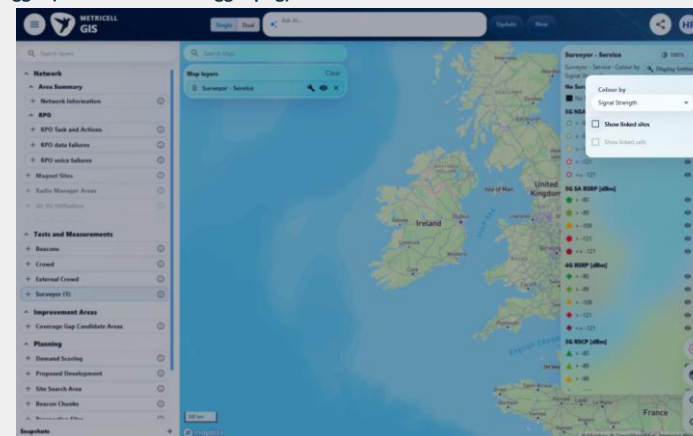

Criterion 4 continued: Changing Show linked sites a second time restores the recorded initial checked or unchecked state without adding the Surveyor layer again.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E05 - Before toggle (criterion-4-before-toggle.png)

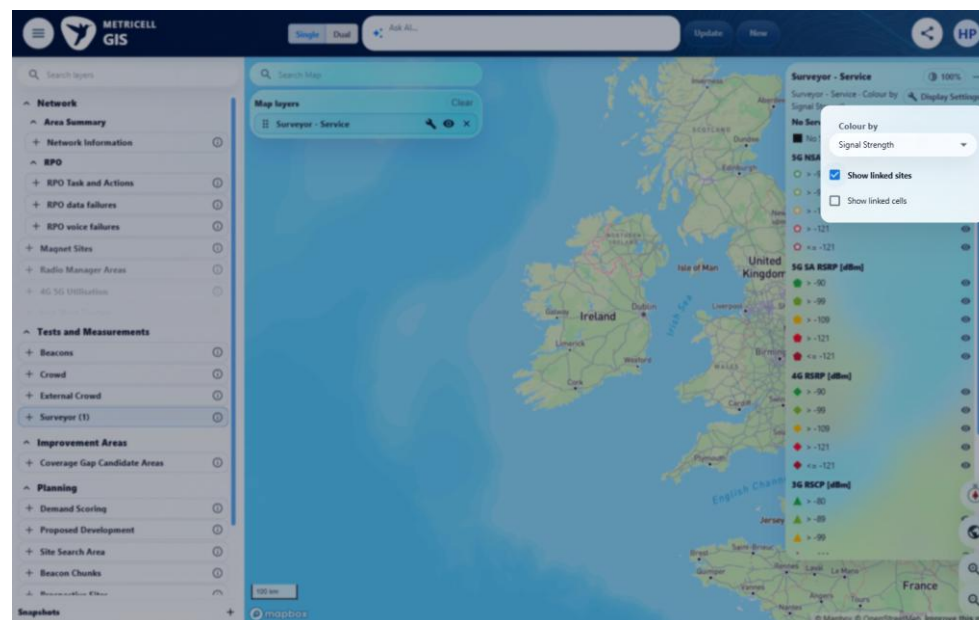

E06 - After toggle (criterion-4-after-toggle.png)

Criterion 4 continued: Changing Show linked sites a second time restores the recorded initial checked or unchecked state without adding the Surveyor layer again.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E07 - Final (criterion-4-final.png)

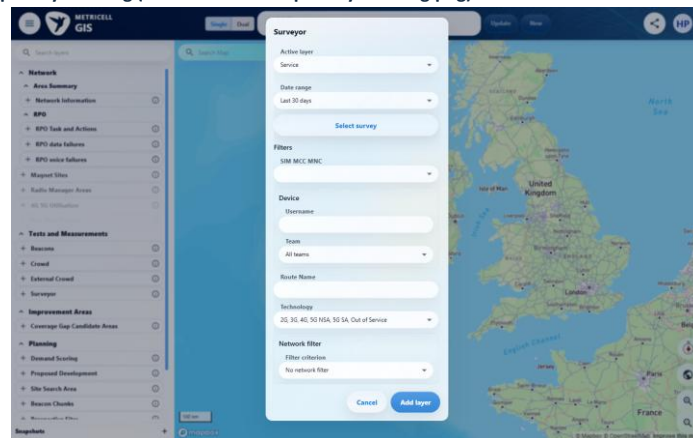

5.0.0	After the state is changed and restored, closing and reopening Display Settings for the same Surveyor layer shows the recorded initial Show linked sites state, and the layer remains available without being added again.	After the state is changed and restored, closing and reopening Display Settings for the same Surveyor layer shows the recorded initial Show linked sites state, and the layer remains available without being added again.	criterion-5-before-toggle.png, after-toggle.png and after-restore.png show checked, unchecked and checked. criterion-5-after-close.png shows settings closed with Surveyor - Service retained; criterion-5-final.png shows the reopened control checked on that layer. Evidence: E03, E04, E05, E06, E08, E09, E10	Passed
-------	--	--	---	--------

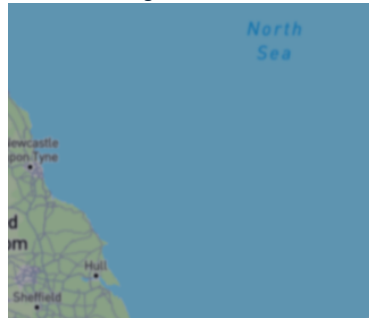

Criterion 5 evidence: After the state is changed and restored, closing and reopening Display Settings for the same Surveyor layer shows the recorded initial Show linked sites state, and the layer remains available without being added again.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

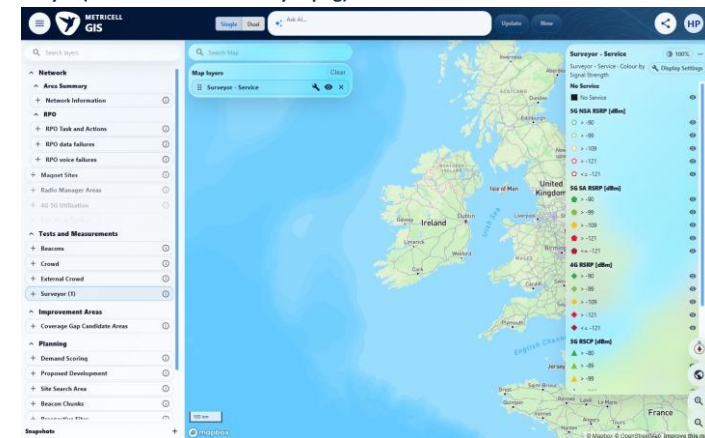

E03 - After open layer dialog (criterion-5-after-open-layer-dialog.png)

E03 detail enlargement - full screenshot above

E04 - After add layer (criterion-5-after-add-layer.png)

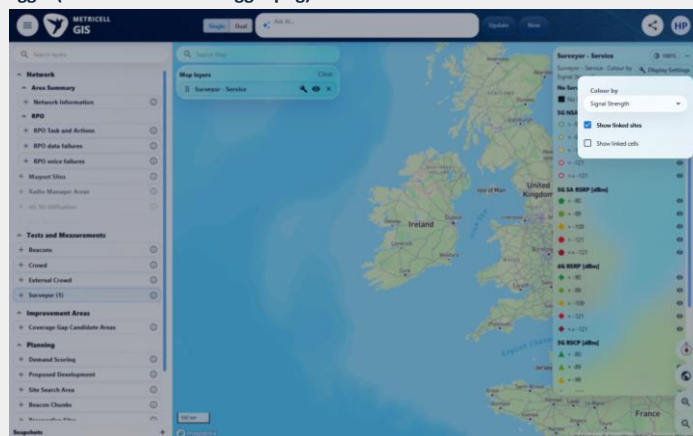

E04 detail enlargement - full screenshot above

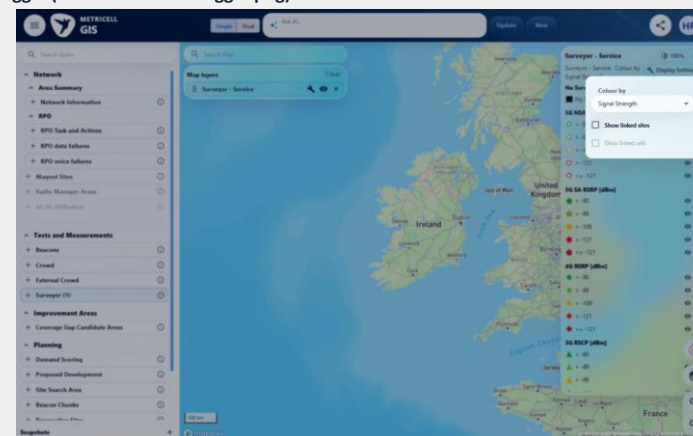

Criterion 5 continued: After the state is changed and restored, closing and reopening Display Settings for the same Surveyor layer shows the recorded initial Show linked sites state, and the layer remains available without being added again.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E05 - Before toggle (criterion-5-before-toggle.png)

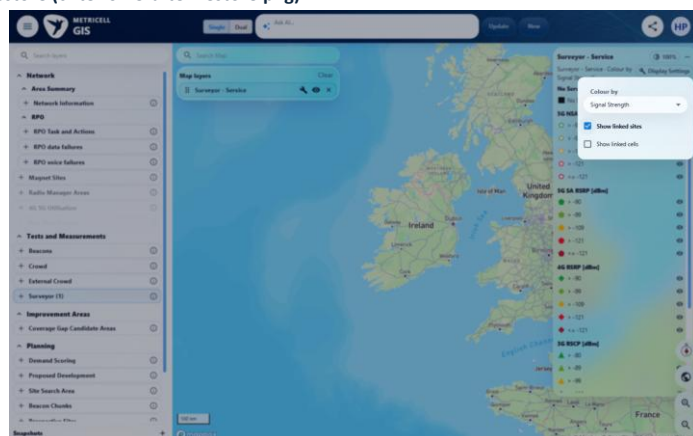

E06 - After toggle (criterion-5-after-toggle.png)

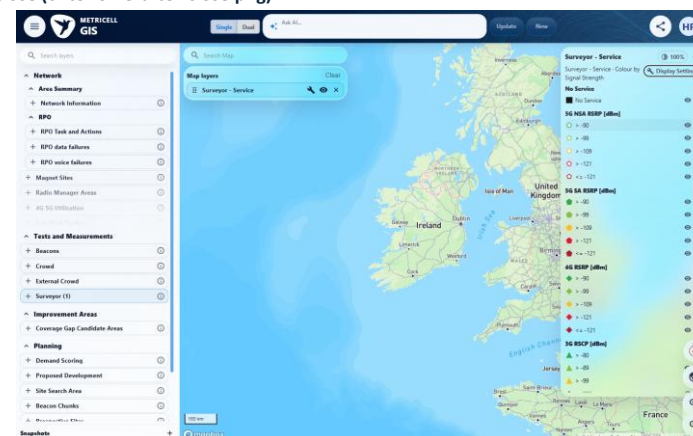

Criterion 5 continued: After the state is changed and restored, closing and reopening Display Settings for the same Surveyor layer shows the recorded initial Show linked sites state, and the layer remains available without being added again.

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E08 - After restore (criterion-5-after-restore.png)

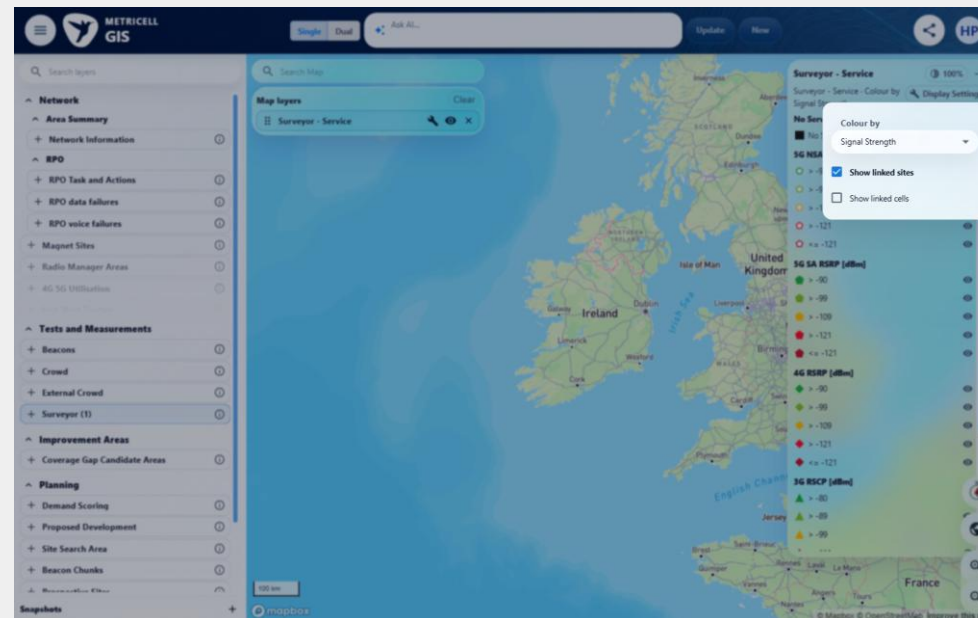

E09 - After close (criterion-5-after-close.png)

Criterion 5 continued: After the state is changed and restored, closing and reopening Display Settings for the same Surveyor layer shows the recorded initial Show linked sites state, and the layer remains available without being added again.

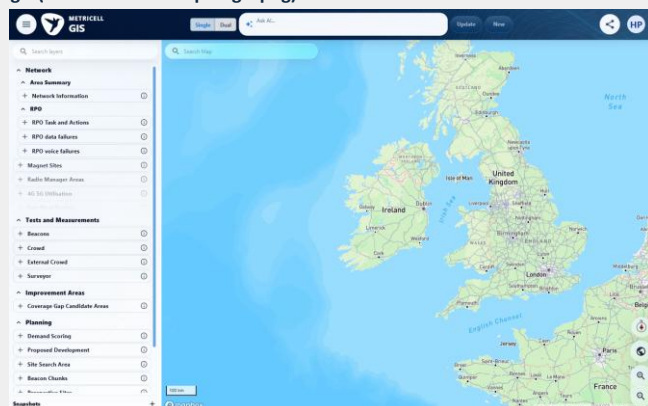

Browser URL recorded after criterion: <https://o2intelligence-v4-dev.metricell.com/gis>

E10 - Final (criterion-5-final.png)

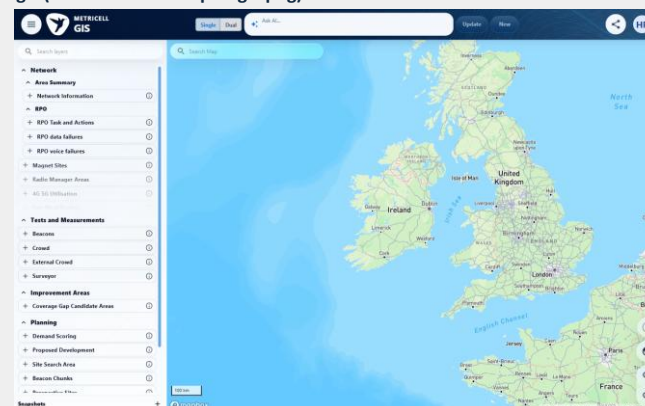

Supporting setup captures - full attempt evidence remains in the local evidence folder

E11 - After open gis (criterion-1-after-open-gis.png)

E12 - After open gis (criterion-2-after-open-gis.png)

About Metricell

Metricell is on a mission to deliver connectivity. We work with our customers to design, deliver and manage wireless communication networks – with a shared ambition of achieving flawless network experience. We've been responsible for many first-to-market products, and our technology is characterised by the relentless pursuit of automation and digitalisation.

Our geospatial intelligence tools traverse a wide variety of business processes – from Test & Measurement to Customer Experience Management – and we're pioneers in Crowdsourcing and Digital Self Care. Our technology is today in use by a range of customers; thousands of their personnel; and millions of subscribers worldwide.
