Version	Date	Revision Author	Summary of Changes
[1.0]	28/09/2026	TEST2 QA Automation	Generated from TEST2 evidence review

Tester:	Automated
Jira Ticket:	TEST2-28
Environment:	Chrome
Browser Details:	Chrome version not recorded
Date of Test:	28/09/2026
Limitations during Testing:	None recorded

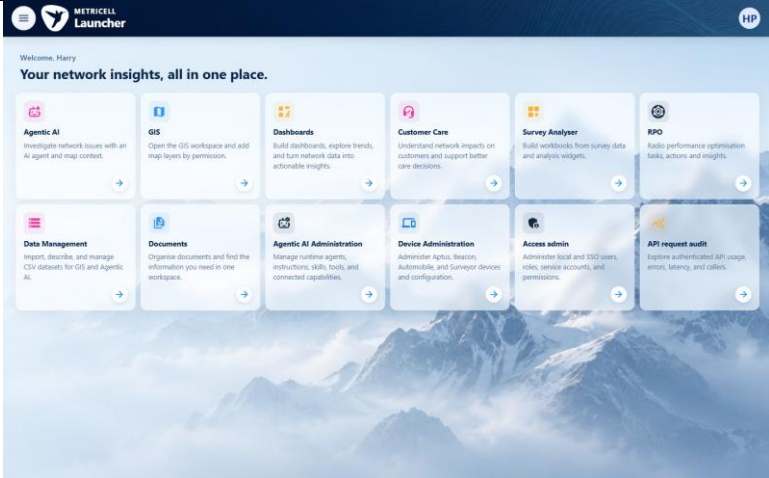

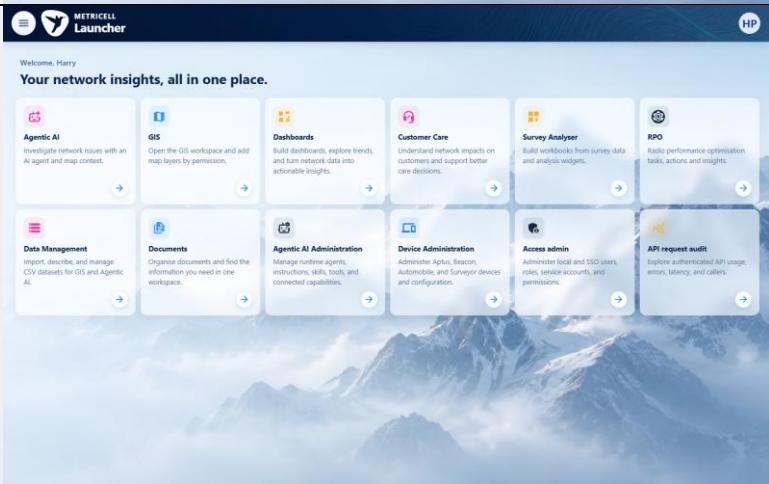

Area of test	Pass	Fail	Defects (No.)
1. The V4 launcher displays the Agentic AI module card and its Open control.	Y	N	0
2. Selecting Open on Agentic AI displays the Agentic AI module, and the final browser URL is https://o2intelligence-v4-dev.metricell.com/agentic-ai .	Y	N	0
3. Using browser Back returns to the launcher, and the final browser URL is https://o2intelligence-v4-dev.metricell.com/launcher with module cards visible and usable.	Y	N	0

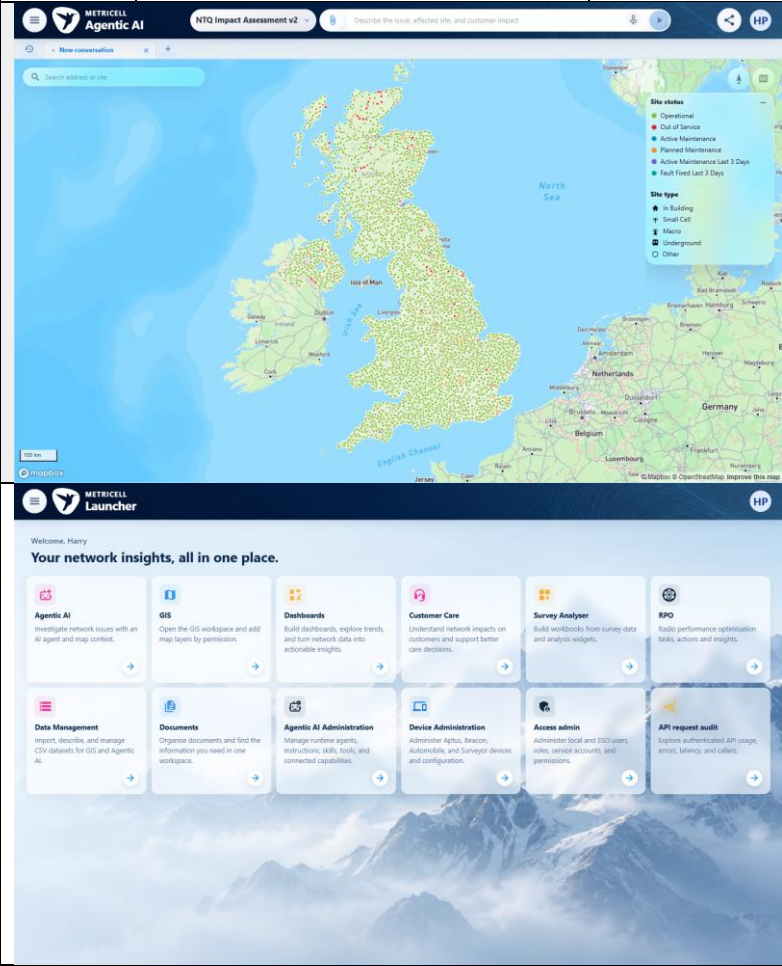

All automated tests must map to an approved criterion and produce reproducible results plus decisive evidence. Use Failed, Blocked, or Unverified where applicable.

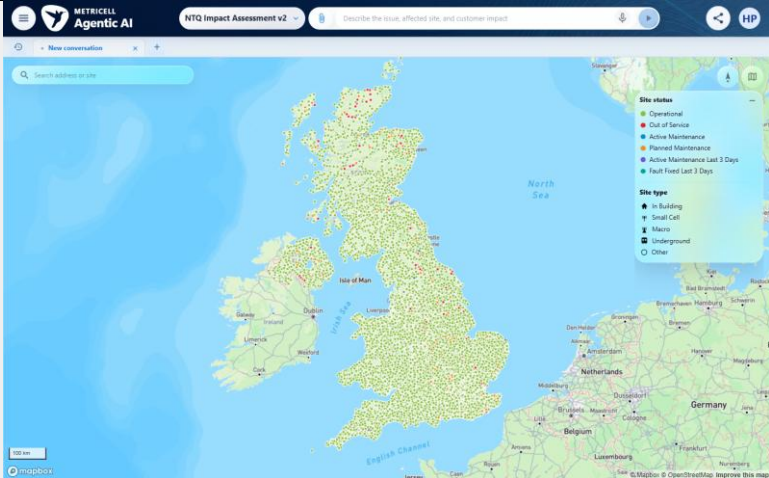

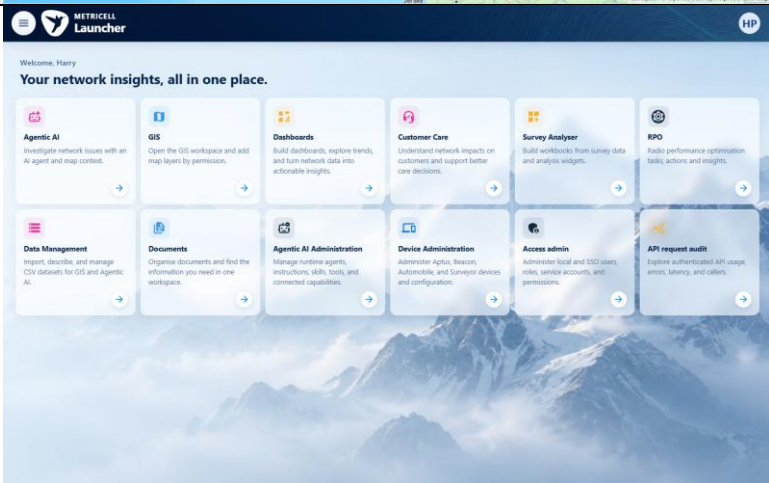

4.1 Tests

Preconditions:	Not recorded in agent output.	Associated Requirements:	Criteria from criteria.md.	Automation Notes:	Automated browser run; PNG evidence reviewed.
-----------------------	-------------------------------	---------------------------------	----------------------------	--------------------------	---

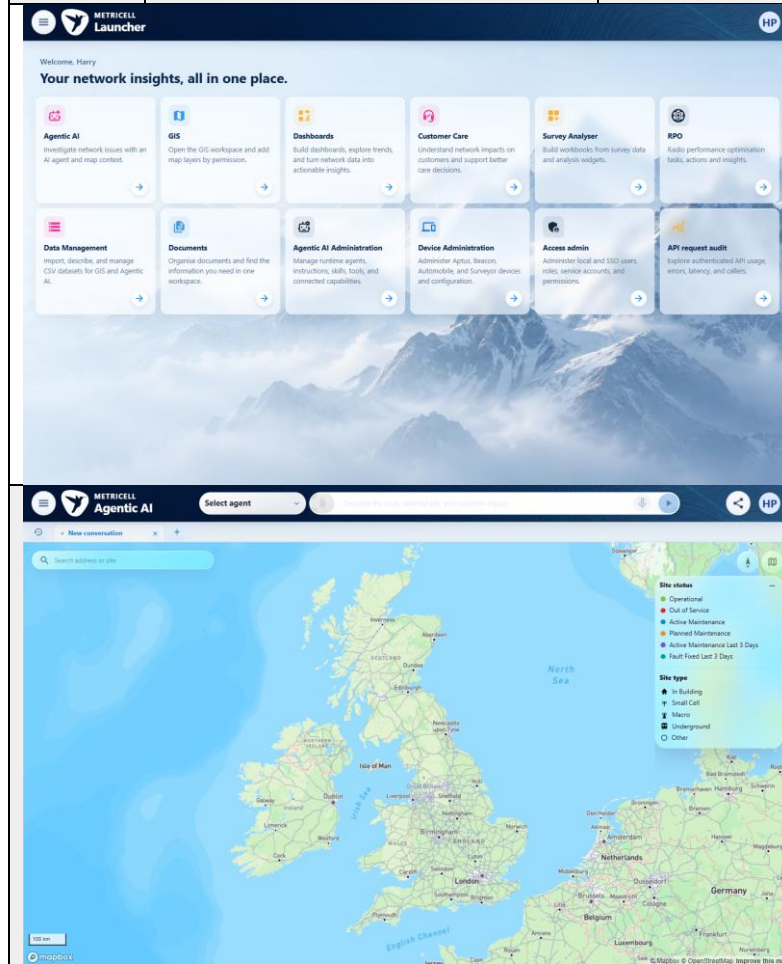

ID / Criterion	Criteria Tested	Expected Result	Actual Result / Evidence Path	Outcome
1.0.0	The V4 launcher displays the Agentic AI module card and its Open control.	The V4 launcher displays the Agentic AI module card and its Open control.	The selected attempt screenshots show the Agentic AI card and its arrow Open control on the launcher. The result records the expected V4 launcher browserUrl. Steps taken: Opened the launcher route and waited for the launcher to finish loading.; Confirmed the Agentic AI module card and Open control were visible and usable.	Passed

				
				
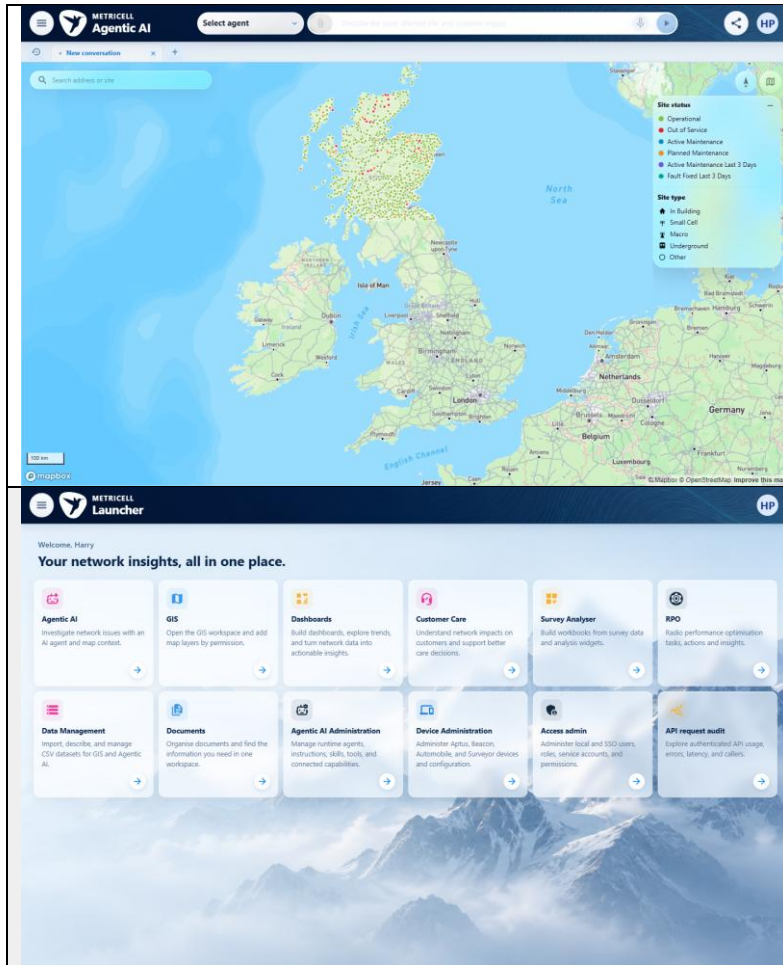

2.0.0	Selecting Open on Agentic AI displays the Agentic AI module, and the final browser URL is https://o2intelligence-v4-dev.metricell.com/agent-ai .	Selecting Open on Agentic AI displays the Agentic AI module, and the final browser URL is https://o2intelligence-v4-dev.metricell.com/agent-ai .	The selected attempt screenshots show the Agentic AI module and map after Open. The result's final browserUrl matches the expected V4 agentic-ai URL. Steps taken: Started at the launcher with its module cards visible.; Selected Open on Agentic AI.; Waited for the module to finish loading and confirmed its Agentic AI	Passed

			controls and map were displayed.; Read the browser URL after the final assertion.	
 The screenshot displays the Metricell Agentic AI interface. The top section features a map of the United Kingdom with various locations marked by colored dots. A legend on the right side of the map categorizes these locations by 'Site status' (Operational, Out of Service, Active Maintenance, Planned Maintenance, Active Maintenance Last 3 Days, Fault Fixed Last 3 Days) and 'Site type' (In Building, Small Cell, Macro, Underground, Other). Below the map, the 'Metricell Launcher' dashboard is visible, titled 'Your network insights, all in one place.' It contains a grid of ten interactive tiles, each representing a different network management function: Agentic AI, GIS, Dashboards, Customer Care, Survey Analyst, RPO, Data Management, Documents, Agentic AI Administration, Device Administration, Access admin, and API request audit. Each tile includes a brief description of its capabilities and a right-pointing arrow for navigation.				

				
				
3.0.0	Using browser Back returns to the launcher, and the final browser URL is https://o2intelligence-v4-dev.metricell.com/launcher with module cards visible and usable.	Using browser Back returns to the launcher, and the final browser URL is https://o2intelligence-v4-dev.metricell.com/launcher with module cards visible and usable.	The selected attempt screenshots show the launcher and module cards after browser Back. The result's final browserUrl matches the expected V4 launcher URL. Steps taken: Started at the launcher with module cards visible.; Opened Agentic AI and confirmed the module page was displayed.; Used browser Back.; Confirmed the launcher returned with its module cards and Open controls	Passed

visible and usable.; Read the browser URL after the final assertion.

About Metricell

Metricell is on a mission to deliver connectivity. We work with our customers to design, deliver and manage wireless communication networks – with a shared ambition of achieving flawless network experience. We've been responsible for many first-to-market products, and our technology is characterised by the relentless pursuit of automation and digitalisation.

Our geospatial intelligence tools traverse a wide variety of business processes – from Test & Measurement to Customer Experience Management – and we're pioneers in Crowdsourcing and Digital Self Care. Our technology is today in use by a range of customers; thousands of their personnel; and millions of subscribers worldwide.
